

U.S. Food Waste Challenge

Reduce, Recover, Recycle

Organization(s):

University of Arizona Compost Cats

City, State: Tucson, AZ

Website: <http://www.compostcats.com/>

What are the reduction, recovery or recycling activities?

The University of Arizona Compost Cats work to reduce waste and greenhouse gas emissions and increase local food security by diverting food scraps, landscape clippings, and paper from landfills and turning it into a high quality soil amendment for local agriculture and landscaping use
